Insurance Options

Industry figures suggest that at least 1 in 20 devices suffer some form of accidental damage.

It’s important to decide on your strategy for dealing with out-of-warranty claims.

We provide an assessment and repair service for uninsured machines outside warranty at a discounted rate.

We also offer a Damage Protection Warranty as an upgrade option.

Lenovo Education Warranty

Lenovo's new Damage Warranty replaces traditional Accidental Damage Insurance

A Step Up from Traditional ADP: Unlike previous years' Accidental Damage add ons, this is a warranty upgrade, purpose-built for education

Covers Real-World Student Use: Includes protection against impact, liquid spills, and electrical surges.

No Excess Fees: No excess charges when making a claim.

One-Time Replacement Guarantee: If a device is beyond repair, Lenovo provides a one off replacement.

Can be purchased with device: As this is not an insurance product, it can be purchased with your device bundle.
